ABOUT US

We Drive Your Operations with Smart Logistics

We are a company dedicated to warehousing, logistics, distribution, maquila and the development of customized projects for the handling of goods at different strategic locations across the country. With **more than 20 years of experience**, we support our clients with high-quality service, making them more competitive in their respective markets.

We currently operate **09 nationwide warehouses** in 3 of the most important states in the country's economy.

We also have **1 warehouse on the U.S. border** to support import and export projects for our clients.

- Inventory consultation from your mobile device or computer.
- Infrastructure and growth tailored to your needs.
- Insurance against any incidents in the warehouse.
- Availability of transportation equipment: boxes, trailers, straight trucks, dedicated vehicles, consolidated parcel delivery daily and proprietary transportation services.
- Comprehensive traffic systems, photo evidence and 24/7 customer access.
- Label and tag printing, delivered with quality and experience.

MAGAYA SYSTEM LIVE TRACK

Total visibility of your inventory in **real time**, whenever you need it.

Real-time inventory.
No need to wait for inventory by email. With Live Track on our web platform, you'll have access to real-time information.

Check the status of your incoming shipments
directly in our system from your computer or mobile device.

We upload and attach all required documentation
for your delivery (purchase orders, certificates of quality, invoices, and more).

We specify via notes
the delivery or receipt requirements (special handling at receipt, customer name and license plates to pick up at our warehouse, etc.).

You can review the status of your order
(whether it's loaded, in transit, or delivered).

We provide photographic evidence in real time
(when received or delivered).

Platform available 24/7.

You can review quotes and invoices
for requested services.

CERTIFICATIONS

We support every operation with international standards that ensure **security**, **quality** and **compliance.**

C-TPAT
Customs-Trade Partnership Against Terrorism

We operate under the **security** guidelines of the Customs-Trade Partenrship Against Terrorism.

oea
